RESEARCH AND TRAINING

GROUNDWATER FUTURES SCIENCE TO PRACTICE
11-13TH JULY 2017 UNSW, SYDNEY

Panellist: The Australasian Groundwater Stocktake

Dr. Narelle Neumann

Branch Head - Groundwater Environmental Geoscience Division

Dr Narelle Neumann is currently leading Geoscience Australia's Groundwater Branch, which undertakes geoscience investigations across Australia to provide advice in support of Government priorities and to inform the sustainable development of groundwater resources.

She joined Geoscience Australia in 2001, and has worked on a wide range of projects across Australia focused on the collection and interpretation of diverse geoscience datasets to understand the geological evolution and resource potential of the Australian continent. She has a PhD from the University of Adelaide.
